

Medical Career College

Show Cause Notification and Disclosure

To the faculty, staff, current students and prospective clients of Medical Career College:

Medical Career College has a number of financial losses because of the pandemic and other unavoidable circumstances for the past years. The Accrediting Bureau of Health Education Schools has served as a show cause in January 2021 and we were given a timeframe to improve on our financial standing. The academic programs have been robust and we now have a vocational nursing program approved by the California Board of Vocational Nursing and Psychiatric Technician that started last October 12, 2020.

We have put together a teach-out plan for the students in the programs of Medical Assisting, Associate of Healthcare Management and Vocational Nursing. Our administration and faculty are working doubly-hard to offer the quality education that the students deserve.

If you have any questions, you can contact us (510)445-0319 or thru email at info@medcc.edu or marilyn@medcc.edu.

Thank you,

Dr. Marilyn Castillo
